

MATERIAL SAFETY DATA SHEET

Product Identification :

Product name: Flaxseed - Product : Flaxseed
Customs Tarif : 1204 0090

Product components:

No components, only flaxseed

Physical properties :

Appearance : flaxseed brown
Colour : Brown envelops of the flaxseed
Density : 500 to 650kg/m³
Odor : typical of the flaxseed – fresh
Fat content : 34% to 42%

Reactivity data :

Keep in dry place and avoid high temperature during storage.
To consider as a product with a high fat concentration (sensible to oxidation)
Avoid exposure to minerals that activate oxidation : Fe, Zn, etc.
Avoid exposure to moisture / water
Hazardous decomposition products : Combustible but no particular hazard.
Flaxseed is recognized as an accepted feed ingredient.

Health Hazard Information:

Eye: dust could cause eye irritation (tearing, redness, swelling of eyes)
